Your participation in KU Select 2018, together with a global community of over 500 libraries, plays an important role in actively making scholarly books and journals available Open Access. Titles are curated by over 160 librarians that are part of the KU Title Selection Committee. This cooperative approach is less expensive than the purchase of single copies by each library—plus you are contributing to the advancement of scholarly communications as a whole, by making quality content freely available to readers all over the world.

KU Select 2018 - Books: HSS and STEM

- The collection includes highly relevant titles from over 70 established scholarly publishers
- Including university presses, commercial publishers, and Open Access publishers from five different continents
- Titles will be hosted on OAPEN, JSTOR, BiblioLabs and MUSEOpen under Creative Commons licenses and are preserved by CLOCKSS and Portico.
- High quality MARC records will be provided by OCLC
