

# Open Infrastructures

## 1 Open Research Library Basic Library Membership

- Your central hosting platform for academic OA content, offering user-friendly access to tens of thousands of books and other types of scholarly content from a variety of sources.
- Gives institutions one single target to index OA content, for seamless and free access.
- Libraries investing in the ORL contribute to the development and maintenance of a dedicated infrastructure for fast, unobstructed access to valuable scholarly content.

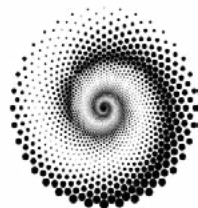

## 2 Open Research Library Premium Library Membership

- As per the Basic model with additional customised features for Premium Member libraries.
- Admin features allow Premium Members to customise ORL views to meet the needs of their target communities.
- Such as a branded microsite and customised content display.

## 3 OAPEN Library Library Membership

- The OAPEN Library is dedicated to the dissemination of Open Access (OA) books and their visibility and discoverability.
- Creating a quality-controlled collection of Open Access books together with libraries, research funders and publishers.
- Providing libraries and their patrons with barrier-free and seamless access to Open Access books.
- Services include usage reporting, metadata and discovery.
